// PROFESSIONAL EXPERIENCE

EXPEDIA GROUP

Senior UX Designer (Contract) | 2022–Present

Lead product design initiatives for Expedia Group's Travel Agent Affiliate Program (TAAP), creating enterprise tools that support trip management, itinerary creation, advisor productivity, and post-booking experiences.

Drive UX strategy, information architecture, interaction design, accessibility, and user research across complex desktop and mobile workflows, translating business requirements into intuitive customer experiences.

Plan and facilitate discovery workshops, design sprints, stakeholder reviews, and concept validation activities that help align teams and inform product direction.

Conduct user research, experience audits, design audits, usability testing, and UAT reviews to identify opportunities, validate solutions, and improve customer experiences.

Partner closely with Product, Engineering, Research, Content Design, and Legal stakeholders to deliver scalable solutions and contribute to platform-wide design system adoption.

Mentor and support junior team members through design reviews, knowledge sharing, and collaborative problem-solving.

NO ONE CREATIVE

Founder & Principal Product Designer | 1999–Present

Founded and operate No One Creative, an independent product design consultancy providing UX strategy, product design, user research, information architecture, accessibility, and design system expertise to startups, SaaS companies, and enterprise organizations.

Partner with clients to define product strategy, facilitate discovery workshops, conduct user research, and design intuitive digital experiences across web, mobile, and enterprise platforms.

Current and past engagements span travel, healthcare, action sports, communications, insurance, hospitality, ecommerce, and SaaS industries, collaborating with founders, executives, product managers, and engineering teams to solve complex business and customer challenges.

SPOK

Senior UX Designer | 2018–2019

Designed enterprise healthcare communication solutions supporting critical clinical workflows across web and mobile platforms.

Established and maintained a design system and pattern library that improved consistency, scalability, and collaboration across product teams.

REACH.AI

Senior Product Designer | 2019–2021

Served as lead product designer for a SaaS appointment booking and customer engagement platform.

Led discovery workshops and product design initiatives across web and mobile experiences, focusing on workflow optimization, usability, and customer needs.

BOLSTE

Senior Product Designer | 2016–2018

Served as lead product designer for a SaaS collaboration platform, partnering with founders and engineering teams to define product vision and user experience strategy.

Designed end-to-end experiences supporting communication, project management, file sharing, scheduling, and productivity workflows.
